Purpose

The purpose of the General Assistance (GA) Program in Sacramento County is to provide assistance to all eligible indigent residents of Sacramento County. It is a re-payment program and is intended to provide short-term financial assistance and limited services that will enable a recipient either to find employment or to obtain support from another source.

Funding

The GA Program is 100 percent county funded.

Minimum Age

To qualify for GA benefits, an applicant/recipient must be at least eighteen (18) years of age, unless he/she is an emancipated minor.

Residence Requirement

To qualify for GA benefits, an applicant/recipient must meet the following residence criteria:

- Physical presence in Sacramento County,
- A Sacramento County resident for at least fifteen (15) days, and
- Verification of intent to continue to reside in Sacramento County.

Repayment Requirement

All GA applicants are required to sign a Repayment Agreement and Lien on Real Property to reimburse Sacramento County for all GA benefits they receive.

All GA applicants and recipients are also required to sign a SSI/SSP interim assistance agreement. When SSI/SSP is approved, the interim GA is repaid from the retroactive SSI/SSP award.

Recipients who participate in the GATE Program may be evaluated for credit when completing an employment activity as specified. Credit does not apply to IA reimbursement from the Social Security Administration.

Deprivation Requirement

To qualify for GA benefits, an applicant/recipient must be unemployed, employed less than 100 hours per month, or incapacitated due to a verified physical, mental health or functional disability.

An employable person will be offered employment services through the General Assistance Training and Employment (GATE) Program and must:

Non-Exempt Grant Levels Effective January 1, 2020

Exempt level: A general assistance applicant/recipient may be exempt from the lower grant level only when the applicant/recipient and his/her spouse, if residing in the home, are receiving disability payments.

Disability payments are defined as:
